Based on the post-apocalyptic comic series published in Deadline magazine, the film stars Lori Petty, Naomi Watts, Ice-T and Malcolm McDowell.

It follows the antihero Tank Girl (Petty) as she, Jet Girl (Watts), and genetically modified super soldiers called the Rippers fight "Water & Power", an oppressive corporation led by Kesslee (McDowell). Tank Girl has been cited as an example of a comic book film with a cult following, and it is noted for its feminist themes. The soundtrack features Björk, Devo, The Magnificent Bastards, I7, Bush, Hole & Courtney Love, Portishead, Veruca Salt, Ice T & Joan Jett.

DOWN BY LAW (1986)

Rated M | 1h 47min | Comedy, Crime, Drama

Jim Jarmusch's highly acclaimed film is best summed up by his own words: a neo-beat-noir-comedy. Too laid-back to avoid a prison term for a murder he did not commit, Zack (Tom Waits), finds himself sharing a jail cell with a small-time pimp (John Lurie) and an effervescent Italian (Roberto Benigni). An eventual escape leads the eccentric trio into the depths of the Louisiana bayou and salvation.

METROPOLIS (1927)

Rated G | 150 min | Drama, Sci-Fi

Fritz Lang's 1927 masterpiece is perhaps the most famous and influential of all silent filmsthe inspiration for science fiction epics from Star Wars to The Matrix to name just two. Lang's vision of a dystopian future, where the rich live in splendid luxury while a literal underclass toil in a vast subterranean workshop, can be seen as the director originally intended.
